Address (italic, size 10)

E-mail of the corresponding author: (italic, size 10)

SUMMARY: The summary, as well as the entire text should be written in Times New Roman 10, single spaced and right and left justified.

The page setup should be top = 2,5 cm, bottom = 2,5 cm, left = 3 cm and right = 2 cm. Use the above example to write the title, authors and affiliation, with the correct spaces.

KEYWORDS: three or four keywords should be given here.

1. SECTION

Each section title must be numbered, written in capital letters, bold, size 10, left justified. Before each section title there must be 2 blank lines. After each section title there must be a space of 1 blank line. The paper should not exceed eight pages (including figures). Paragraphs should not be indented.

1.1. Sub-section

Each Sub-section title should be numbered, written in small letters, bold, size 10, left justified. Before each Sub-section title there must be 2 blank lines. After each section title there must be no space.

1.1.1. Sub-sub-section

Each Sub-sub-section title should be numbered, written in small letters, bold, italic, size 10, left justified. Before each Sub-section title there must be 2 blank lines. After each section title there must be no space.

2. FIGURES

A reasonable space should be left between the text and each figure. If there is not enough space, the figure should appear at the top of the next page.

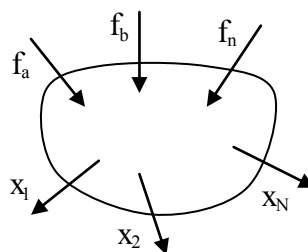

Figure 1 – The caption must be in size 9, centered. After the caption, there must be 2 blank lines.

3. TABLES

A reasonable space should be left between the text and each table. If there is not enough space, the table should appear at the top of the next page.

Table 1 – The caption must be in size 9, centered. Before the caption, there must be 2 blank lines.

4. FORMULAS

Formulas in Equation Editor or Mathtype should have the following sizes: full (10), subscript/superscript (8), sub- subscript/superscript (6), symbol (16) and sub-symbol (10). They should appear centered and numbered. Numbers should be inside brackets and right justified. One blank space should be left before and after each formula:

$$x_1(t) = \int_{-\infty}^{+\infty} (h_{x_1 f_a}(\theta) \cdot f_a(t-\theta) + h_{x_1 f_b}(\theta) \cdot f_b(t-\theta) + \dots + h_{x_1 f_n}(\theta) \cdot f_n(t-\theta)) d\theta \quad (1)$$

ACKNOWLEDGEMENTS

The Acknowledgement title should not be numbered. Acknowledgements should be given between the Conclusions and the References.

5. REFERENCES

References should be called in the text in square brackets [1]. The reference format should be:
